

Thursday, October 21st

10:00 - 10:15 **Inauguration:**
Josefa Terrassa
(Hospital Universitari Son Espases)

Session on Computational Biology

Moderator: Diego Marzese (IdISBa, Spain)

10:15 - 11:00 **Theo Knijnenburg**
(Allen Institute for Cell Science, USA)
Building a framework to study intracellular organization of the healthy and diseased cell at the Allen Institute for Cell Science

11:15-12:00 **Anna Babayan**
(Cancer Research, UK)
Multimics in cancer

12:00-12:45 **Xavier Solé**
(Institut Català d'Oncologia, Spain)
Beyond genomics: Harnessing bioinformatics for transcriptomics-based precision oncology

Session on Medical Oncology

Moderator: Antònia Obrador (IdISBa, Spain)

14:00-14:45 **Javier Cortés**
(Vall d'Hebron Institut d'Oncologia, Spain)
The role of immunotherapy in Triple-Negative Breast Cancer

15:00-15:45 **Maggie DiNome**
(Duke University, USA)
Evolving management of the axilla in breast cancer patients with clinically positive nodes

16:00-16:45 **Christian Rolfo**
(Mount Sinai, USA)
Liquid biopsy in Lung Cancer: from translational to clinical application

Friday, October 22nd

Session on Cancer Biology

Moderator: Gwendolyn Barceló (IdISBa, Spain)

9:30 - 10:15 **Biola Javierre**
(Institut de la Recerca Contra la Leucèmia Josep Carreras, Spain)
Spatial-temporal genome architecture: understanding the contribution of non-coding variants to disease development

10:30-11:15 **Francisco Real**
(Centro Nacional de Investigaciones Oncológicas, Spain)
Molecular pathways involved in the early steps of pancreatic cancer development: inflammation and ER stress

11:30-12:15 **Marisol Soengas**
(Centro Nacional de Investigaciones Oncológicas, Spain)
TBA

Session on Balearic Islands Cancer Foundations and Patients Advocacy

14:00-14:20 **José Reyes Moreno**
(Asociación Española Contra el Cáncer)
AECC & Science

Short talks from selected abstracts

14:20-16:20 *5 Abstracts, 15 + 5 min each*

16:30-16:45 **Concluding remarks:**
Miquel Fiol
(IdISBa, Spain)

2nd International Workshop on Translational Cancer Research

21-22 October, 2021 · Palma | Mallorca | Spain

State-of-the-art lectures, symposia and poster session on the following topics:

- Computational biology
- Translational oncology
- Cancer cell biology

Confirmed Speakers

Maggie DiNome

Duke University, USA

Javier Cortes

Vall d'Hebron Institut d'Oncologia, Spain

Theo Knijnenburg

Allen Institute for Cell Science, USA

Xavier Solé

Institut Català d'Oncologia, Spain

Christian Rolfo

Mount Sinai, USA

Marisol Soengas

Centro Nacional de Investigaciones Oncológicas, Spain

Biola Javierre

Institut de la Recerca Contra la Leucèmia Josep Carreras, Spain

Francisco Real

Centro Nacional de Investigaciones Oncológicas, Spain

Anna Babayan

Cancer Research, UK

Host Speakers

Josefa Terrassa

Hospital Universitari Son Espases (HUSE), Spain

Miquel Fiol

Institut d'Investigació Sanitària Illes Balears (IdISBa), Spain

Free Workshop - Registration required

Attendees will be selected based on the order of registration

Abstract submission deadline: October 3rd

Apply for short oral presentations to earn an award

Highly encouraged for students and "early career" researchers

+1 floor, section L, Hospital Universitari Son Espases (HUSE)

IdISBa
